137 students received additional emergency grants funds

The method used by Metro Tech to determine which students received Emergency Financial Aid Grants and how much they would receive under Section 18004(a)(1) of the CARES Act:

Metro Technology Centers determined that distribution would be a straight \$300 to all eligible post-secondary students enrolled in an approved program as of March 13, 2020.

Any money not disbursed through the one-time \$300 will be used for students who have additional expenses. Students can complete a google form requesting additional help for housing, food, insurance, car payments and utilities. A three-person committee will review the request and documentation then send to the Bursar for checks to be written.

To determine eligibility the Financial Aid Director sent forms to students asking them to indicate if they had any of the following COVID-19 related expense: Technology, Child care, Course materials, Housing, Food and Health care. Financial Aid students were sent the COVID-19 expense form and

non-fa students were sent both the COVID-19 and a self-certifying form. For a breakdown of fa students, non-fa students and additional emergency money see the Financial Aid Director.

Students signed the form attesting under the penalty of perjury that they met the requirements of Section 484 of the Higher Education Act (HEA) and intend to use the funds for COVID-19 related expenses.

Per USDE Secretary DeVos, "Students may demonstrate eligibility by completing a FAFSA.....or by completing an application designed by the institution in which the student attests under the penalty of perjury to meeting the requirements of Section 484 of the HEA.

For students that had not completed a FAFSA, Metro Technology did its due diligence to verify that the students met the requirements of Section 484 of the HEA and are therefore eligible to receive the HEERF funds.

A Student Disbursement form was created to indicate the amount that the student would receive.
